

RESUME FIGHT AGAINST TREATY WITH NEW VIGOR

Senator Knox Offers Resolution That Opposes Union of Treaty and League.

WOULD HAVE U. S. AID

Fresh Outbreak When Pitman Begins to Read Taft Speech on League Pact.

(By Associated Press)

Washington, June 10.—The treaty fight broke out anew in the Senate today along lines which promised speedily to head all previous fights.

Immediately at the opening of the session Senator Knox, of Pennsylvania, republican, of the Foreign Relations Committee and a former secretary of state, presented a resolution of far reaching proposals.

It proposes to have the Senate give official notice to President Wilson and the American peace mission at Paris that ratification of the treaty is opposed in its present form which has the League of Nations covenant interwoven with the terms of settlement. It proposes that the peace treaty shall be so drawn that the question of a League of Nations shall be reserved for consideration by the people of any nation without affecting Germany's obligations in the actual settlement of the peace terms.

It proposes to have the Senate declare it is the policy of the United States government that should the peace and freedom of Europe again be threatened by any power or combination of powers the United States will regard such a situation as a menace to itself and would pledge the United States if necessary to go to "the defense of civilization" again. The Knox resolution was referred without debate to the Foreign Relations Committee and the storm of the day appeared to have passed.

A fresh outbreak was threatened, however, when Senator Pitman, democrat, of Nebraska, began reading a speech in favor of the League of Nations by former President Taft which previously had been denied unanimous consent for insertion in the record of objections of Senator Smoot.

VOTE AGAINST DAYLIGHT PLAN AT LABOR MEET

Spirited Fight Made Over Daylight Saving Scheme.

(By Associated Press)

Atlantic City, June 10.—A resolution protesting against repeal by Congress of the daylight saving law was defeated at today's session of the annual conference of the American federation of Labor.

The resolution was voted down after a spirited fight against it by delegates especially from Ohio and the southwest who said the daylight saving law worked a hardship upon labor and work on the farm.

NICARAGUANS MUCH ALARMED OVER ADVANCE

Claim Costa Rica Granted Minister War Making Powers.

Think Costa Rica has Declared War.

(By Associated Press)

San Juan, Delsur, Nicaragua, June 10.—The Nicaraguan government is reported in usually reliable sources to have confidential information that the Costa Rican minister of war recently obtained from the Congress of that country authority to declare war upon Nicaragua.

The permission was said to be in a form which permitted him to make the declaration at an opportune moment. As Costa Rican forces are advancing in the northeastern corner of Costa Rica it is supposed here that the declaration has already been published in Costa Rica.

GOVERNMENT TO LOSE HEAVILY DUE TO ERROR

Sum of \$650,000,000 May Be Sunk in The Railroads

Buying of Cars and Engines Condemned

(By Associated Press)

Washington, June 10.—Predicting a possible loss of \$650,000,000 to the government on railroad operation by the end of the year, Chairman Good of the House Appropriation Committee during debate today, declared the Railroad Administration gravely erred in buying 100,000 freight cars and 2000 engines without consulting the lines.

The government stands to lose on the equipment, he said, and plans were forming to have the roads take over the equipment under an equipment trust.

U. S. WILL AID NICARAGUANS

(By Associated Press)

Washington, June 10.—The presence of armed Costa Rican forces on the Nicaraguan frontier is regarded by the United States as a menace to Nicaragua, it was stated officially today and the government will not risk allowing Nicaraguan sovereignty to be endangered.

NEW PLANS FOR MAKING REPARATION

Council of Four Now Considering Some Sweeping Changes in Exacting Payment.

WOULD SEIZE LIQUIDS

Would Increase Annual Payment if Germany is Found Able to Meet Increase.

(By Associated Press)

Paris, June 10.—The plan for reparations which now is proposed in the council of four, according to Marcel Hutin, of the Echo de Paris, consists, first, in seizing German liquid assets to the value of 25,000,000,000 francs; second, to leave a margin of 2 years so that an accurate idea of the economic and financial situation in Germany may be gained; third, after two years to exact payment on account of 125,000,000,000 francs in gold or negotiable securities, and fourth, to give the reparation committee authority to raise the amount of the annual payment by Germany should her capacity to pay increase.

FINANCIERS TO APPEAR BEFORE INVESTIGATORS

Leading Business Men of New York Agree to Appear On Wednesday.

(By Associated Press)

Washington, June 10.—Telegrams requesting J. P. Morgan, Henry Davison, Thomas W. Lamont and others called yesterday, to appear before the Senate Foreign Relations Committee tomorrow and testify in the investigation of how copies of the peace treaty reached private interests in New York, were sent out today by Chairman Lodge.

Meanwhile members of Congress had copies of the treaty which were published in the Congressional Record.

J. P. Morgan and Davidson notified the Senate late this afternoon that they could come tomorrow.

SECRET BOYCOTT

Berlin, May 10. (Correspondence of The Associated Press).—Certain Berlin firms have for some time carried on a secret boycott against men of the imperial defence forces and at last one concern openly stated that it discharged two men because they served with these troops. Herr Noske, Minister of the National Defense has branded this as treason. After his statement had been made public the men were reinstated.

No Date Yet Fixed for Present a tion of Reply to German Counter Proposals.

CONSIDER NEW PLANS FOR INCLUDING HUNS

Important Political Move in Germany is Anticipated—Turks Have Little Powers.

(By Associated Press)

While the peace conference heads are devoting as much of their time as feasible to the framing of the reply to the German counter proposals, this work has not reached such a stage as to make possible the naming of a definite date for the presentation of the document to the German plenipotentiaries.

There has been considerable interference with the deliberations of the council of four over this question of primary interest.

On Monday, for instance, the council was compelled to devote much of its time to consideration of the situation in Czecho-Slovakia, where the advance of Hungarian soviet troops brought about what is admittedly a serious situation.

The main question which the council now is considering in connection with the German treaty is the proposed change in the covenant of the League of Nations whereby the terms of Germany's admission would be made easier.

The proposed change is said to be prompted mainly by a desire to forestall the possible formation of another combination of nations with Russia, Germany and the former German allies taking the leading roles.

It is felt in some quarters, according to advices, that it would be easier to deal with Germany as a member of the league than if she remains outside.

The Turkish delegation, enroute to France on board a French warship is to appear before the peace conference merely in an advisory capacity, and its members will not be considered plenipotentiaries. There has as yet been no definite statement regarding the terms to be given to Turkey.

An important political event in Germany, set for today, is the national convention of the majority socialist party at Weimar.

The meeting of this party, the first time since it took control of the government, is expected to have a considerable bearing on the government's future course, not only as regards Germany's foreign relations, but also her internal government.

THINKS JAPAN TO BE ISOLATED

Tokio, May 5.—(Correspondence of The Associated Press).—T. Nakahashi, Minister of Education, recently pointed out in a speech at a political meeting that Japan may be left in an isolated position with relation to the great powers. He said: "Russia and Germany are now ruined and there are only three great powers in the West—Great Britain, France and America. These three powers can easily get together because their language and strength are about the same, but Japan being of a different race may have to stand absolutely alone."

"Japan, therefore, must provide against this by regulating her finance and strengthening her national defense."

CLINTONS READY FOR FIRST GAME

Washington's old rivals—the Clintons—have reorganized and are ready for business, so that clashes between the two teams again will probably feature the season's playing.

Regarding the Clintons the Wilmington News says: "Well, look who's here! The Clintons are organized and are ready for a big season."

The lid will be pried off at North End Park Sunday, the name of the opposing teams to be announced later in the week.

Isador Kaufman has been named Manager of the Clintons with Sheriff Stanley Arthur as confidential advisor as to the talent of players and other important matters, which go to make a winning team, like Wilmington is planning to have this year. Tom Suttles, who now lives in Lebanon, and is an old veteran of the diamond, will be Captain of the team. For the past three seasons he has made an enviable record as Manager of the Bloomington, Ill. team.

"The local management is hunting up the best base ball talent in the country and the Clintons this year, are sure to play the old-time brand of base ball, which has made the name of the team famous. Several Wilmington fans have gone together to co-operate in every way possible and the success of the team is assured."

"It is hinted that there will be some very important announcements made within the next few days as to players and as to the season schedule of games. Just who will be employed

INSTALL MAMMOTH REFRIGERATION PLANT IN FITE GROCERY

The Fite Grocery is installing a five-ton refrigeration machine with two huge compartments for the purpose of keeping in better condition their perishable goods, such as meats and fruits.

One of the compartments is to be placed in the basement while the other will be installed on the first floor.

The temperature of the boxes may be varied from 38 normal to zero. Some idea of the size of the compartments may be gained when it is known that a carload of produce may be stored in them.

The plant is being installed by the Triumphant Ice Machine Company and the Armstrong Insulation Company.

GOITRE

Removed By External Remedy. Read Mrs. Will's Experience.

Mrs. Louise Will, 228 Gettysburg Avenue, Dayton, Ohio, says in her own home paper, the Dayton Daily News: "Sorbol-Quadruple removed a goitre of 11 years' standing for me over a year ago and it has never bothered me since. The pressure and throbbing on my throat was relieved in two days. The goitre disappeared in three weeks. I am glad to tell my experience, even by letter."

Sorbol-Buadrupel comes in small bottles, containing enough for most cases. It will not stain or irritate the skin. It dissolves the goitre, leaving the parts in a healthful normal condition. Requires ten minutes daily. Get further information at Blackmer & Tanquarys, drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio. Adv.

EXPERIMENT IS BEING WATCHED

(By Associated Press)
New York, June 5.—Manufacturers and union labor leaders all over the United States are said to be watching with interest and sympathy the experiment in industrial democracy which is now being conducted in five cities—Ft. Wayne, Ind., Shelton, Conn., Cleveland, Ohio, Patterson, N. J., and Brooklyn, N. Y., and which is believed by some of them, will scotch if it does not prevent Bolshevism in industrial centers where it is put into effect.

The originator of the plan, John Leitch, an efficiency engineer, started it among 300 employees of a Ft. Wayne piano factory. Its basis was the constitution of the United States. The factory was administered by a senate, a house of representatives and a cabinet corresponding to the aids and advisors of the President. Its success is said to have been immediate and permanent. Yale University, the National Council of Defense and the National Association of Manufacturers are said to be a

few of the bodies that are investigating the merits of the plan.
B. Edmund David, head of a silk manufacturing corporation in Patterson, N. J. who was instrumental in introducing the system in his factory in that city about a year ago, expressed today the keenest satisfaction at the results obtained and said he hoped, ultimately, to establish similar working conditions in four other of his mills in York, Reading, Scranton and Beavertown, Pa. The Patterson manufacturer, however, said the new system should not be considered a "panacea" or adaptable to all kinds and sizes of industrial establishments.

HOWDY WILCOX NEW AUTO KING: THREE KILLED AS HE WINS RACE

The photographs show, above, the race as viewed from one of the turns with De Palma, Wilcox and Thomas in the foreground from left to right. At left below is shown one of the cars skidding into the concrete retaining wall. At the right Howard Wilcox, winner of the 500-mile race, has just received the checkered flag, meaning "You have won," from the starters at an overhanging bridge.

Howard Wilcox is the new auto king. He won the five hundred mile auto race at the Indianapolis speedway May 31. Louis Leocq and Arthur Thurman, drivers, and R. Brandini, mechanic, were killed, and Thurman's mechanic,

M. Molinaro, suffered a fractured skull when their cars overturned. The men were pinned under their cars and Leocq and his helper were burned to death when his gas tank exploded and the car caught fire. All the contestants

were warned at the start that their cars were too fast for the track. Howard Wilcox in a Peugeot won. De Palma took the lead at the start with Rene Thomas at his heels. De Palma finished sixth, but Thomas finished tenth.

MEN WHO ROBBED JEWELRY STORE FOUND IN TOLEDO

Telegram Announces Capture of Two Men and Recovery of Loot Taken From Worrell Store.

Chief Goes to Toledo to Bring Back Pair of Alleged Burglars.

The men who robbed the Worrell Jewelry Store in this city Friday night, have been arrested.

This information came to Chief of Police D. L. Moore, Tuesday morning, in the shape of a telegram from Chief of Police Henry J. Herbert, of Toledo. The telegram says:

"Charles Edwards and Robert Salzman in custody with large quantity of jewelry stolen from J. A. Worrell's store, June 6th. Send officer. Wire reply."

"HENRY J. HERBERT, Chief of Police."

Upon receipt of the wire Chief Moore prepared to depart for Toledo to bring back the two men held there, and who are believed to be from this city, but who have given assumed names to the police in Toledo.

The police are confident there can be no mistake, according to the wording of the message from Toledo, and that the men held are really the men who committed the crime here, and who succeeded in taking upward of \$1,000 worth of jewelry.

Chief Moore expects to have the pair back in this city some time Wednesday, and prior to leaving he obtained affidavits for the two men, so that there would be no question of obtaining them, together with the jewelry stolen.

FOX PHOTO SPECTACLE AT THE COLONIAL

The great William Fox photo-spectacle, "Every Mother's Son," is the attraction at the Colonial Tuesday and Wednesday of this week.

Much of the action in this big Fox drama is centered upon the great draft of men from 18 to 45 years old. The leading character, played by Charlotte Walker, is that of a woman who gives three sons to her country.

It is said that the casting and direction of the statesmen and diplomats who are shown in the deliberations constituted one of the most remarkable achievements of the kind thus far recorded on the screen.

Director R. A. Walsh, having determined to make the big scenes authentic in every detail, spent weeks in search for the correct types to represent the peace conferees. As a result, President Wilson, Premiers Lloyd George, Clemenceau and Orlando, the German representatives and scores of other notables of the warring nations have been portrayed to life.

LETTER WAS TOO MUCH FOR HIM

(By Associated Press.)

Pittsburg, June 6.—That a letter, addressed to the Mayor of Pittsburg, was returned to the sender marked "unknown" by local postal authorities, was brought to light recently when Mayor E. V. Babcock received a communication from the Mayor of Nancy, France, after it had been delayed eight months.

The letter, under date of October 8, 1918, was received in Pittsburg a few weeks later, but the postal clerk who handled the communication, stamped on the envelope the intelligence that "Monsieur Le Maire, de la Ville de Pittsburg, Etats Unis de l'Amerique" could not be located in the directory. The letter was advertised, and finally returned to the Nancy executive, who appealed to the American embassy in Paris. He explained that he was exceedingly anxious that the people of Pittsburg read the words of appreciation of the folks of Nancy for two flags presented to them in connection with the Bastille Day celebration here July 14 last.

Paris embassy officials enclosed the letter in another envelop, re-addressed it, and Mayor Babcock received the communication only a few days ago.

FRENCH TOWNS GONE FOREVER

Paris, May 10.—(Correspondence of the Associated Press.)—Investigations by the commission which is examining the devastated regions of France are confirming the previous evidence that many of the beautiful towns and hamlets of the battle area are so totally ruined that they never can be rebuilt.

Vaux, of immortal fame, has taken its place in the long list, and the mayors of two other historic villages, Douaumont and Fleury, have recently notified their people, who are refugees in various parts of France, that these places cannot be reclaimed. Not only is the soil in such shape that it cannot be cultivated for many years, but the ruined hamlets are filled with hidden explosives and other dangers.

June Showers

The first days of June have brought us generous and frequent showers, just the kind of weather that garbs all the out of doors in the beauty which makes June, to the majority of people, the loveliest month of all the year.

In some places the rain has been a little too heavy and the accompanying wind a little too strong for the wheat, even now, heavily headed out. There are a good many spots in the heavier fields where the growing grain is badly beaten down with the chances for it rising again, to stand erect before the reapers, not the most encouraging.

But there is nothing more refreshing to humanity, to beasts, to birds and to vegetation than a June shower. The dark clouds which roll up out of the west, with rumble of thunder and flash of lightning followed by a steady downpour of cooling rain, the golden sun shining forth again as the shower clouds roll away to the east and south, every growing tree, bush and flower refreshed, the rain drops sparkling like diamonds—then we see—une in all its glory.

Sometimes we are a little fearful that the coming shower may be a storm and do damage to crops or buildings, but the confidence of the birds as they wait for the coming bath of rain, the eagerness with which the trees incline their leafy boughs to the stirring breeze are reassuring.

June is a grand month.

The Peace Treaty

While he has made no specific announcement on the subject as yet it is believed that President Wilson has agreed with his colleagues in the peace conference that the terms of the treaty will not be made public until after Germany's representatives have affixed their signatures or declined to do so.

So far as America is concerned there was no need for such an agreement, so far as the American people are concerned there has never been any reason why the treaty terms should not have been made public and that the proceedings of the peace conference, even while the framing of the treaty was in progress, should have been open to the public.

It is not difficult to believe, however, that conditions in France, Italy and, perhaps, in some parts of the British Empire, are not identical with those existing in America and we seem justified in presuming that such an agreement results from a request by some of the conferees aside from America.

If any American has violated his agreement with the peace conference he should be dismissed in disgrace from the service, but so far as involving President Wilson, the performance seems to be but a flimsy pretext.

Too bad the Senate and the executive are at "loggerheads" but even the existence of that condition does not warrant such melodrama as the present "give me them papers" performance.

The Telegraphers

Within a few hours now the demands of the thousands of telegraph operators throughout the country will have been adjusted by government officials and wire system owners, either temporarily or permanently, or the millions of people throughout the United States will feel the paralyzing grip of a general strike which will halt business and news service.

It is quite likely that the insistent demand by Congress for the return of the wire systems to private control, the oft-repeated announcement by administration officials that federal control was soon to be released, plus Postmaster General Burleson's partial release, a few days since, have brought matters to a sharp crisis.

The telegraph operators are disinclined to permit the return of the wire systems to private control in advance of a definite boost in wages. They feel that the government, while it has the absolute power, should accord them the same treatment as was accorded railway employees.

With the merits of the contention the people, generally, are not fully advised. They feel, however, that the controversy should be adjusted and that it could be if it was fearlessly faced by those whose duty it is to act on behalf of the public when these disagreements arise.

If we can frame an agreement to guarantee the peace of the world it does seem that we should be able to devise some way of adjusting these labor disputes.

POETRY FOR TODAY

A MAIDEN AROSE

A maiden arose from the foamy sea,
With the pearls of ocean upon her;
Her smile was a lure which invited me
To stray from the white way of honor.

This maiden came out of the briny sea,
And tuneful the notes of her singing;
She waved a green banner of seaweed to me,
While her hair to the zephyrs was swinging.

This maiden arose from the restless sea,
With foam-white arms appealing,
And she sang a soft sweet melody,
The warmth of her love revealing.

But she, who sprang from the change-fair sea,
Was merely a dream of my fancy,
Not half so loved or loving, as she,
My palpitant, earth-born Nancy!

LARGE NUMBER OF OHIOANS IN DISEASED CLASS

(By Associated Press)

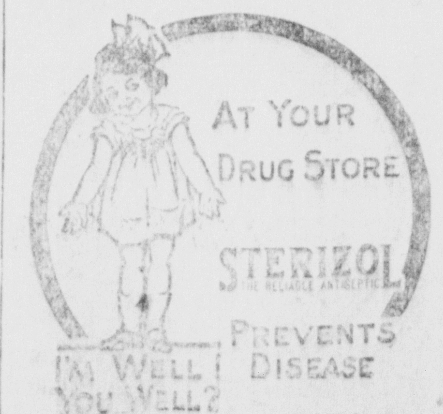

Columbus, O., June 5.—One Ohioan in every 25 among the second million men inducted into the army under the selective service law, was diseased at the time of enlistment, statistics furnished to the State Department of Health by the United States Public Health Service show.

The country-wide average of such disease cases among these two million men was five and four-tenths per cent. Ohio's rate of 4.01 per cent, however, was higher than those of any other northern states except Michigan, Indiana and Illinois. The Buckeye state ranked thirtieth among 25 states and territories. The men from the southern states showed a disease prevalence uniformly higher than those from the north, the highest rate being Florida's—15.63 per cent. These rates, it is pointed out, refer only to cases existing at time of induction and not those cured earlier or developed later.

Among Ohio cities, Columbus led in the amount of such disease found among draftees. The Columbus rate was 14.23 per cent and was surpassed among cities of the 100,000 and over class only by Dallas, Houston, Birmingham and Fort Worth. Other Buckeye cities registered the following rates: Cincinnati 5.16; Youngstown

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your drugist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The Mother's Circle has just closed its second year and only those who have been closely in touch with the work which has been accomplished in this little organization have any idea of its extent and how entirely out of proportion to the small number of members is the immense amount of good that has been done, while the Circle was formed with the idea of mutual betterment in the exchange of helpful ideas, and congenial sociability, pressing needs of others roused the members to outside activity and they have done with their might whatever their hand found to do. The first year it was Belgium relief work, the second year the Circle gave to Devastated France and entered heart and soul into greatly needed Welfare work in this city.

The large sum of money made in the St. Valentine tea of last February has been used entirely for local welfare work, under the direction of the special committee, Mrs. W. H. Lipsett, Chm., Mesdames W. H. Brown, C. L. Craig and C. N. Baer.

The Money has been most judiciously expended and a surprising number of people have been helped. The definite cases listed include a dozen cases of influenza, where the Circle kept the children in proper food and clothing; a particularly worthy widow with little children given assistance; financial aid rendered in a maternity case; helped in paying a hospital bill for a crippled boy, who is now able to run and play; gave financial assistance which led to a young girl being cured of Bright's disease and also it was from the Circle treasury that two parents were assisted with funds to have children with club feet operated upon. One child is entirely cured and the other promises to be when the plaster cast is removed.

In numerous cases bed clothing, linen and food have been provided in contagious diseases and assistance has been offered, although not called on, in county cases.

The Circle has still some money in the treasury and as long as it lasts will take care of any emergency cases that come up.

Mrs. Clarence L. Craig is the retiring president and Mrs. W. D. Craig is the incoming President.

In compliment to Mrs. Bertha Cook Nichols who expects soon to return to her home in New York, a motoring trip to Monroe Falls and picnic supper was delightfully planned and carried out Monday afternoon.

The beauty of the falls and its picnic grove the delicious picnic spread followed by toasting marsh-mallows over a big bonfire and the moon light drive home were all contributing factors in a merry evening.

The party included Mrs. Nichols, Mr. and Mrs. D. S. Craig son David, Mr. and Mrs. H. B. Dahl, Mr. and Mrs. George H. Hitchcock, son Hiram, Mr. and Mrs. W. B. Rogers, Mr. and Mrs. Joseph Harper, daughter, Miss Helen, Misses Minnie Light, Gertrude and Edith Gardner, Mr. T. H. Craig, Mr. Vivian Crawford, of Akron.

The committee for the Commencement dance, tonight have installed several electric fans in the ball room of the K of P. Castle so that the hall will be delightfully cool for the dancers.

There is every indication that there will be a large number of guests from both this and surrounding communities with "The All Ohio Six" Jazz Orchestra supposed to be the best Orchestra in the State of Ohio to furnish the music.

The grand march starts at nine o'clock.

Mr. and Mrs. Arthur Plyley entertained at an enjoyable dinner Sunday, relatives from Mechanicsburg, including Mrs. William Heardman, Mr. and Mrs. Milton Stitt, Mr. and Mrs. Rollo Ropp and two children, Mrs. Frank Evans of this city and daughter, Miss Isabelle.

In honor of her thirteenth birthday Miss Ola Bennett delightfully entertained twenty of her young school mates Monday evening at her home on South North street.

Games, music and contests were enjoyed throughout the evening at the close of which the hostess served tempting refreshments.

Crimson ramblers and roses formed effective decoration in the home.

The Lower Light Class of the Staunton, M. E. Church with its teacher, Mrs. Brannon, and Mrs. Wms. Craig, former teacher, held monthly meeting at the home of Florence Hodson and elected officers for the year as follows: President, Helen Boyer; Vice President, Ella May Stanforth; Secretary, Ruth Ferneau; Treasurer, Ethel A. Sheridan.

Miss Hodson entertained the Class in honor of her twelfth birthday anniversary and was assisted by her mother, Mrs. May Hodson and sister Elizabeth and Mrs. Orpha Lee Wilson in entertaining the guests after the business session.

In a lively peanut hunt, Lawrence

Sheridan won the prize, and there was a round of other games included in the afternoon's pleasure.

Delicious refreshments of ice cream and home made cake were served.

Those who participated in the affair: Edna Sheridan, Ruth Wright, Ethel A. Sheridan, Icy Marshall, Evelyn Marshall, Margaret Ssher Sheridan Ethel M. Sheridan, Ruth Sheridan, Ella May Stanforth, Stella Stanforth, Ruth Ferneau, Helen Boyer, Elizabeth Hodson, Pauline Hodson, Lawrence Sheridan, Willard Williams, Ervin Hoskins, Glenn Hoskins, John Stanforth, Victor Marshall.

Mr. and Mrs. Glenn Smith enjoyably entertained Sunday with a family dinner in honor of Mrs. Smith's brother, Corporal Ernest Garrison, of the 83rd Division recently returned from overseas.

The additional guests were Corporal Marshall, Margaret Sheridan Garrison's wife and daughter Judith Ann, Mr. and Mrs. Lou Garrison, daughter, Dorothy, son Howard, of Delaware, Mr. and Mrs. Charles Chaney, Mr. Henry Jester, of this city.

"In celebration of the 20 years of services which Dr. W. O. Thompson has given Ohio State University, the annual alumni supper at 6 o'clock Saturday evening will have a number of special features. The honor guest will be seated with one of the quintennial classes, which are the only groups which will sit together as classes. Others will fraternize at long tables running half way across Ohio Field where the supper will be held."—Ohio State Journal.

Mr. and Mrs. J. D. McCoy entertained at an elaborate dinner Sunday, Mr. and Mrs. Gardner Koonitz, Miss Koush, Mr. Baseall, of Columbus; Mr. and Mrs. L. R. Brandenburg of Wilmington.

Roses, peonies and sweet peas were used lavishly in decoration.

Mr. Marion Dunlap was very much better Tuesday and his condition is highly encouraging.

Miss Meloise Smith accompanied her grand-parents, Mr. and Mrs. Lon Garrison, who have been visiting at her home, back to Delaware for a month's visit.

Mrs. John Noble has returned from an extended stay at the Noble farm near Carlisle, Ind.

Mr. and Mrs. Frank Wiatt are down from Columbus visiting with Mr. and Mrs. Harry Wiatt.

Mr. and Mrs. Joseph Kimbal have returned from a visit with Mr. and Mrs. Albert Mowry of Leesburg.

Lida Grace Smith is visiting her aunt and uncle, Mr. and Mrs. I. W. Dixon near Mt. Sterling.

Marcus Vonterrill, of Wheeling, W. Va., visiting his great aunts, the Misses Skinner on South Fayette street.

Mr. and Mrs. I. W. Dixon, of Mt. Sterling, Mrs. Roy Bailey and little son, David, of Bedford, Ind., were week end guests of Mr. and Mrs. Glenn Smith.

Miss Rosalie Slagle is over from Lima the guest of Miss Helen McKee for the Commencement dance.

EDITH CAVELL'S BODY IS LAID TO REST IN NATIVE TOWN AS ENGLAND BOWS HEAD

Body of Edith Cavell being carried into Norwich cathedral at Norwich, England.

The body of Edith Cavell, the English nurse who was executed by the Germans early in the war, now rests in her native town of Norwich, England. Her grave was found by the allies in the closing days of the war and recently her remains were made ready for shipment home. Soldiers for whom she had given her life and nurses who had been inspired by her martyrdom and British officials formed the funeral cortege. A funeral service was read in the cathedral at Norwich, Miss Cavell's home, and the body was buried in Norwich cemetery.

Virgil Vincent is a business visitor in New York City this week.

Mrs. Harry Allen, Mrs. H. L. Littleton, of Sabina, spent Monday shopping in this city.

Mrs. C. W. Riber has been called from Hillsboro by the illness of her brother, Mr. George Inskeep.

Mr. Charles McLean, who suffered a slight stroke of apoplexy Sunday night, is recovering rapidly, which is welcome news to a host of anxious friends.

Mr. and Mrs. Spencer Calvert and daughter, Miss Ethel, motored to Hillsboro Tuesday afternoon to attend the wedding of Miss Sara Worley, daughter of Judge and Mrs. J. Brannon Worley, and Mr. Arthur Clayton Prouty, which is a brilliant event of Hillsboro society, solemnized at the First Presbyterian church, at eight o'clock Tuesday night.

Mr. and Mrs. John A. Bland of Lakeview Ave., Millwood, and niece, Elizabeth McGlathlin, of Forest street, left for Minnesota and a four weeks' outing on the lakes.

RED CROSS TELLS OF HER BROTHER'S DEATH IN SERVICE

Miss Florence Williams of this city sometime ago started an inquiry in regard to the circumstances of the death of her brother Pvt. John Glen Williams, Co. L, 11th Inf. and recently received the following letter from the Red Cross in which the details are fully explained:

"June 5, 1919.

"My Dear Miss Williams: From our Paris office we have received a reply to the inquiry sent in February as to the circumstances of your brother's death.

"We are told that Private John Glen Williams was among the first of the men to fall in the St. Mihiel drive. His Company went over the top at 5:30 a. m. on September 12th. A little distance beyond no Man's land, among the German trenches, Private Williams was instantly killed. "He was buried near the place where he fell, by the roadside, just north of the ruins of Reuville. Chaplain Roberts, of the 61st Infantry, had charge of the burial.

As soon as possible in the course of the graves Registration Service, pictures of all identified graves are made and sent to us and are forwarded to the next of kin. We trust that a picture of your brother's grave will reach you.

For the young girl graduate an exclusive show which makes a specialty of fupper styles has designed this dainty frock. White georgette with fluted ruffles trimming the skirt, round neck and short sleeves makes a serviceable and dainty gown which may be worn upon many occasions. Tiny tucks give a panel effect in the front and val lace edges the pointed tunic.

A New Battery? Possibly Not!

More often NOT. Don't be misled into believing you must buy a new battery. A small expense on the old one may put it in shape to run the season out, if the rebuilding is done properly. Don't be satisfied until you hear what we have to say. And then remember this: We guarantee our repair work on the adjustment basis, and you simply can't lose when we do it. We won't let you.

We have revived many an apparently worthless battery and are still doing it.

STRIKERS ASK FOR OLD JOBS

(By Associated Press)

Winnipeg, June 9.—Delegations of press and commercial telegraphers visited the Canadian Press Office and Commercial Telegraph Office late today and formally asked information regarding the terms upon which they might return to work.

The Winnipeg police force was discharged by the city commission late today. The policemen refused to accept the city ultimatum to sign a pledge not to participate in sympathetic strikes. The city refused to accept a compromise offer.

PUBLIC BUILDINGS STRONGLY GUARDED

(By Associated Press)

New York, June 9.—Every important public building in New York, as well as residences of prominent citizens and public officials who might be the targets of terrorists, were today placed under guard of 300 policemen wearing civilian clothes.

THOUSANDS OF JEWS KILLED

(By Associated Press.)

London, June 9.—Jewish pogroms have occurred in fifty different places in Russia, according to a Russian wireless message received here. Most of the pogroms were carried out in the neighborhood of Proskurov. Three thousand Jews have been killed in Folshtyn, 2,000 in Zhitomir, 4,000 in Tetlek and 350 in Ovrutch.

LAST OHIOANS ON WAY HOME

Cleveland, O., June 9.—The 308th Engineers, the last Ohio regiment to leave Germany, is enroute home, according to letters received today from members of the unit.

Official announcement came at the same time that the 308th headquarters company was due in New York Thursday aboard the Leviathan.

FEAR BIRTH OF RIVAL LEAGUE

(By Associated Press)

Paris, June 9.—The movement to admit Germany to the League of Nations is due mainly to the desire to avoid the possibility of the formation of another group composed of rival powers, which would embrace Germany, Russia and the old Teutonic group.

...Evidence has reached the conference leaders that influences are at work in Germany and Russia to establish relations as a basis for a basis for a combination of powers not in the league.

NATION-WIDE STRIKE CALLED

(By Associated Press)

Cleveland, O., June 9.—A nationwide strike of telephone workers, involving operators and maintenance, construction and repairmen, was called today, effective next Monday morning, according to C. Sickman, local business agent of the Electrical Workers Union.

...It was announced the orders were received from the inter national headquarters at Springfield, Illinois.

PICKETS LIMITED

(By Associated Press)

Toledo, O., June 9.—By an order issued today in the United States District Court, the number of pickets to permitted to work at the plant of the Willys-Overland Company, when work is resumed on Wednesday after a tie-up of several days because of labor troubles, is limited to 150.

According to the order, not more than 50 can be on duty at one time, with a maximum of six to be stationed at one gate, and all pickets must be citizens of the United States.

The court ruled that in the event of disorder attributed to pickets, the right of picketing will be abolished altogether.

CHINA'S MOST EXTRAORDINARY MURDER CASE

Shanghai, April 25. — (Correspondence of The Associated Press)—One of the most remarkable murder cases in the history of China, an outgrowth of the political conflict over the presidency of China in 1913, has just been concluded with the execution at Peking of Hung Chi-tsu for the killing of Sung Chiao-jen.

The extraordinary phase of the case was the fact that Hung was first sentenced to life imprisonment but appealed to the Supreme Court of China with the result that death sentence was imposed instead of life imprisonment.

The new garrotting machine for the execution of murderers was used for the first time in Hung's case. Its work was effective but done in so ghastly a fashion that the executioners left the room without ceremony.

The murder of Sung Chiao-jen was considered a political crime. Sung formerly was Minister of Agriculture and Commerce, and, when he was assassinated on the platform of a railway station at Shanghai in 1913, was a candidate for Premiership. He was one of the leaders of the southern party opposed to Yuan Shi-kai, who then was provisional president of China and a candidate for election of president of the permanent government soon to be established. The party of which Sung was a leader was headed by Sun Yat-sen and was strong in the southern provinces. Leaders of the southern party alleged there was a political plot to keep them out of office and that President Yuan Shi-kai (since deceased) knew and approved of the activities of some of the plotters.

The Premier of Yuan's government, Chao Ping-chun, was alleged to have been one of the instigators of Sung's murder but he died with tragic suddenness. Two others alleged to have actually killed Sung were arrested but died mysteriously before being placed on trial.

MESSAGES WERE CARRIED IN SHELL ANOTHER SECRET

(By Associated Press)

New York, June 7.—A hollow three inch shell, fused to emit on striking, a gas of smoke-like density by day and luminous at night and used to transmit messages from division headquarters to advanced or exposed positions, is another war time secret which has now been made public.

This form of communication was first used by the Germans and afterwards adopted by the allies. A sample of the shell—one that was captured from the enemy during the St. Mihiel drive—was brought home by Vice-Admiral Albert Gleaves on his return from France.

According to Admiral Gleaves, the shell has a range of about 2000 yards and is self propelling. Its velocity was such as to require 14 seconds to travel that distance, "slow enough" the admiral said, to enable an active man to dodge it, should he see or hear it coming. When it struck it

could be readily located by its smoke cloud by day, or its light by night, picked up, a cap unscrewed and the message inside delivered to the officer for whom it was intended.

PROTEST AGAINST STRIPPING BERLIN OF ITS DISTINCTION

(By Associated Press)

Berlin, May 15. (By Mail)—A huge meeting was held here the other day to protest against the efforts to strip Berlin of its status as a capital. Mayor Wermuth and several others painted Berlin as a world city of art, a city for visitors and a city of the future. Despite of its present smuttness, crime and disorder, they said Berlin will regain its reputation as the cleanest, safest and best governed city in the world. Wermuth said that further disturbances would bring agony and urged all to work to improve conditions.

Sydeus Willner admitted that Berlin never was popular, especially in Germany and that Berlin is considered a black sheep among German cities. He explained that its position necessitated the presence of good, bad and indifferent.

Dr. Max Osborn declared that imperial Berlin had clogged itself with lonely buildings and senseless monuments. "The real Berlin is hidden behind these pretentious characterless things but now there is no barrier to recreating it as a city of art without parallel," he declared.

TIFFIN—Burglars who last night took \$300 worth of surgical instruments from the office of Dr. W. W. Uberoth, here, left in a conspicuous place a copper jacketed revolver bullet with a "W" engraved on the nose.

NEWARK—Wesley Phillips, aged 35, had both feet burned off when a ladle of molten iron upset at the Simpson foundry.

URBANA—Thieves with Socialistic tendencies divided S. W. Johnson's 100 chickens into two parts and each took half.

VON DER GOLTZ REAL DICTATOR ALONG BALTIC

(By Associated Press)

London, May 7.—(By Mail)—General von der Goltz, Commander of the German troops in Lettland, or Latvia, one of the former Russian Baltic provinces of which Libau and Riga are the chief ports, has established a virtual dictatorship in that country under the pretense that he is fighting the spread of Bolshevism among the Letts, according to the Reuter correspondent at Libau.

About the middle of April Baltic-German troops which had been operating in Lettland against the Russian Bolsheviks were withdrawn from the front back to Libau and, under the direction of the Baltic Baron Mangueffel executed a coup d' etat, overthrowing the Lettish provisional government and arresting the Lettish cabinet. Premier Ullmanis however, evaded arrest and found asylum under the protection of a British mission which was backed by the presence of a British warship in Libau.

The correspondent asserts that this coup d' etat "undoubtedly was carried out with the connivance of von der Goltz." It will be recalled that one Berlin newspaper has admitted that the movement was the result of an intrigue conducted by the German barons in the Baltic provinces who, it said, had supplied money to maintain German troops at Libau.

Von der Goltz owes his presence in Lettland at the head of a large force of purely German troops to an article of the armistice in the world war which provided that German troops should remain in Lettland until the Allies gave orders to the contrary writes the correspondent. His close supporters are Baltic German barons who are descendants of the old Teutonic knights. They hold immense tracts of land and enjoy feudal privileges of a kind that were abolished even before the French revolution.

IS ARRESTED HERE TAKEN TO COLUMBUS

Carl Smith, aged about 17 years, was arrested in this city Monday afternoon on a charge of stealing a watch in Columbus from the residence of Arthur Brown, 93 Liberty Street, on June 2.

Recovery of the watch in a pawnshop resulted in a good description of the thief being obtained, and Detective Harry Selzer, of Columbus, filed an affidavit against the youth, and then asked for his apprehension here.

After spending the night in the city lock-up the young man was taken to Columbus in custody of an officer, Tuesday morning.

HOSPITAL NOTES

Noah Smith is recovering rapidly at the Fayette Hospital.

William J. Roby is in an improved condition and ultimate recovery is expected.

EXPECT 600,000 AT CENTENARY

(Special to The Herald)

Columbus, O., June 10.—Methodists alone numbering more than 600,000 are expected to come to Columbus between June 20 and July 13 for the Centenary Celebration.

This is the estimate made today by Fred B. Fisher, secretary of the Centenary's campaign committee. Each area of the Methodist Episcopal Church throughout the country has been assigned a quota of attendance, and efforts will be made by ministers and church officials to have their congregations adequately represented.

From Cincinnati area 300,000 Methodists are expected, with a third that number from the Chicago area, and 75,000 for the Pittsburgh region. In addition, Methodists from practically every foreign country, most of them missionaries, will attend the Celebration, according to Fisher.

GARDENS JUST AS POPULAR AS EVER

Attention has been called to the fact that there are at present approximately as many vegetable gardens in the city as there were last year.

Those who took up backyard gardening merely as a patriotic duty have evidently realized the value of such an enterprise and the "war gardens" have been continued with success.

MURDER TRIAL IS OPENED IN DAYTON

The case of Ohio against William McKitterick, in which the defendant is accused of the murder of Belle Manns Green, opened in the Montgomery county common pleas court, Monday, and Attorney Tom S. Mad

dox, of this city, is one of the attorneys for the defendant.

A number of witnesses will be, or have been subpoenaed from this city to testify on behalf of the accused. McKitterick, formerly of this city, is charged with going to the woman's apartments and cutting her throat during a fit of jealousy.

ORGANIZING THE THREE COUNTIES

The work of organizing the three counties of Fayette, Clinton and Pickaway, so that the labor needs may be better taken care of, has been occupying the attention of Superintendent Williams, of the Labor Bureau in this city, and as a result he now has representatives in all parts of the three counties who are aiding in finding men who want work and men who want workers.

In Pickaway county the work is under the direction of Glenn Nickerson, and in Wilmington A. I. McVey has charge under the direction of Superintendent Williams, of this city.

The County Agent in Clinton county is aiding materially in making the work a thorough success insofar as farm labor and farm needs are concerned.

OVERCHARGERS TO BE DEALT WITH

Attention of the authorities has been called to fellows who are employed at odd jobs about the city, such as cleaning premises of rubbish, cutting grass and cleaning wall paper, and who have greatly overcharged women for this work and part of the time collected the exorbitant figure demanded by threatening the women.

The next case of this kind that comes to the attention of the police they expect to take prompt action with a view to giving the fellow the limit.

It is claimed that in some instances the overcharge has been several times what would be considered a reasonable price, and several times the price agreed upon.

MEETING WILL BE IMPORTANT

All citizens interested in a new hospital are requested to be present at an important meeting to be held, by the stockholders of The Fayette Hospital, at the court house, Wednesday evening at eight o'clock.

All interested citizens are urged to attend this initial meeting of the new movement.

APPROVE PLANS FOR NEW BRIDGE

The county commissioners have approved plans for a new steel bridge over Sugar Creek on the Palmer pike, to supplant the wooden structure which has been one of the landmarks of that community for a half hundred years.

The bridge is to have a span of 83 feet and will have a clearance of 16 feet in width.

The structure will probably be erected some time this summer.

OPENING GAME OF TOURNAMENT

The first game in the Y. M. C. A. volleyball tournament will take place Wednesday noon. Six teams have been chosen and the contest for first honors are expected to be lively. The teams are composed entirely of the business men of the city.

TRUSTEES MEET

Because of unavoidable reasons the meeting of the trustees and directors of the Y. M. C. A. which was to have been held Monday evening, has been postponed until Tuesday evening when the officials will meet in full session.

The manner of taking up the Boy Scout movement, now being agitated over the entire country, will be discussed.

SUGAR GROVE W. C. T. U.

The Sugar Grove W. C. T. U. will hold an all-day meeting at the home of Mrs. Nell Darlington on the Rattlesnake road, Wednesday. All members are asked to bring their contributions for the Jubilee Fund.

ALLEGED THIEF IS BOUND OVER

William Hess, showman, arrested in Xenia on a charge of stealing three \$50 Liberty Bonds from a woman in this city, has been held to the grand jury with bond fixed at \$300.

Hess admitted having the three bonds, but insists that he found them.

Two of the bonds were sold in Wilmington and these will be returned to the rightful owner, it is announced. One was purchased by a traveling man who paid \$40 for it, and he telephoned that he would return the bond in person.

The bond sold in this city has not been recovered, but the person who purchased it will, it is expected, be ferreted out in short order and the bond recovered, the purchaser being out the price paid unless this can be recovered from Hess.

OLD SORES, PILES BURNS AND SCALDS HEAL VERY QUICKLY

Blackmer & Tanquary sell an ointment called San Cura that surely does do anything it is advertised to do or money back.

Thos. F. McCauley, Cooperstown, Pa., cut his finger; blood poison set in; arm swelled terribly; friends despaired; said arm must come off. San Cura Ointment drew out water and dark pus; agony ceased; arm and hand soon as good as ever.

It quickly draws out poison from sores, fever sores, ulcers, boils, carbuncles, cuts, burns, scalds and bruises.

For itching, bleeding or protruding piles, it has received the highest endorsements, while innumerable cases are recorded where eczema, tetter and salt rhum were relieved in the shortest possible time. San Cura Ointment is 30c, 60c, \$1.20 and \$2.40 a jar.

Everybody should use San-Cura Soap. Its antiseptic prevents germ life, keeps the skin clear, soft and velvety. 25 cents. Thompson Medical Co., Titusville, Pa. Advt.

Stops the Dangers From Hoof Injuries—Saves Horses

Nails in the hoof often prove serious unless Healing Antiseptic Liniment is used.

Until Antiseptic Houstonia (The Original Jones') Liniment became generally known, the frequent injuries to hoofs, oftentimes proved serious.

Now horse owners know that a few applications of Houstonia—ah to a nail injury in the hoof, quickly heals the wound without danger of infection. Don't be without it.

A dollar bottle of Houstonia Liniment in your stable will protect thousands of dollars worth of horseflesh.

Houstonia Liniment is good for everything a good liniment should be good for.

NC-4 HAS BLAZED TRAIL FOR NEWEST FORM OF OCEAN TRAVEL

The world tourist in the not far distant future may consult a map like the one shown above when arranging his summer itinerary. It shows the NC-4's route from New York to Plymouth, England, and the time of arrival and departure, given in New York time.

Glenn Curtis, pioneer U. S. air-
man, sees ocean passenger traffic
by air in the next few years. He

believes the Azores will become a
junction, so to speak, of trans-
Atlantic lines. One main line will

take passengers to the Azores,
from whence branch lines will
carry them to all parts of Europe.

The route taken from New York to
the Azores by the NC-4 is be-
lieved to be the best one.

MUCH ACTIVITY AMONG SCHOOLS

At the present time there is quite
a little activity in regard to the differ-
ent schools of the county and as a re-
sult of several scheduled meetings of
the school boards some radical
changes may be brought about.

The Jeffersonville and Jefferson
township boards of education will
meet on the 11th to take up the ques-
tion of high school tuition and also
to consider the consolidation of the
schools of the village and those of
Jefferson township.

On the 12th the Concord board of
education will meet in Staunton to
take up the matter of construction of
the two new school buildings and to
open bids for the \$40,000 worth of
bonds which are to be issued.

The Green township board of edu-
cation will meet in Benna Vista Wed-
nesday, 11th, to canvass the vote
which was taken on the 27th of May.

ACTIVITIES AT THE PRISON FARM

A band of 200 colorful convicts
from the Ohio Penitentiary will start
work on the buildings at the new
London prison farm in the near fu-
ture.

The men will be cooped up in a
wire enclosure 500 feet square. They'll
eat, sleep and work right inside.
The work will be done in blocks.
When they finish one section, the
coop'll be moved over to another
zone, and they'll move with the coop.

At each corner of the enclosure
will be a guard armed with a shot-
gun.

"The best of prisoners are inclined
at times to leave," says H. S. Riddle,
president of the Board of Adminis-
tration.

On the new building work will be-
gin about the first of July.

A spur is being built into the
grounds now from the Big Four R. R.
and a brick road through the farm is
also under construction.

NEXT MATCH HERE IN NEAR FUTURE

It has been announced by Chic Say-
lor, wrestling promoter, that he will
stage a match in this city in the near
future. The participants have not yet
been decided upon.

Saylor also states that he will en-
deavor to put on a good match here
for the Fourth of July and he is try-
ing to arrange it so that the results of
the Willard Dempsey fight may be
announced by rounds at ringside.

THE LITTLE SHOE.

The folks were at the apple gathering
Out in the wind. The house was a still
place.

And there, along my knees I hid my
face;

For lo, amongst some toys a crumpled
thing

The poor weight of a rose, a bit of red
A little child had worn from chair to
chair.

Long Aprils since. Oh, more than I
could bear!

A little child a round of Aprils dead!
I had not known till then that I was
sad:—

Old wharves, old streets, the sound of
many tears

Went keenly by me in the daylight's
wane;

Yea, all the tears the world had ever
had;

The cry of Mary aching down the
years!—

I think that I shall never weep again.

WILL IMPROVE TWO MAIN ROADS

At their Monday session, the Com-
munity Commissioners let a contract to
Fred Mark for the improvement of
the Chillicothe pike east of this city
to the county line, and for a similar
improvement of the Snow Hill pike
to the Clinton county line.

The work on the Snow Hill pike
already is under way, and crushed
stone will be placed wherever need-
ed to bring the road up to good con-
dition.

Within a few days the Chillicothe
pike will receive similar attention.

and as several miles of the Chillico-
the pike, near the Ross county line,
has been in bad condition for some
time by reason of innumerable depres-
sions, the improvement will be wel-
comed generally by all who travel it.

The Leesburg pike improvement to
a point beyond the Lewis Moore resi-
dence, will be finished next week, it
is announced by Contractor Mark. By
next summer it is expected the re-
mainder of the road will have been
rebuilt so that the road from this
city to the county line will be almost
ideal.
